

DRAFT

Safe Serving and Safe Storage of Drinking Water Container

Safe serving

When serving:

- Tilt the jerry can and pour drinking water directly into a clean jug, cup, or glass
- Draw drinking water from the clay pot with a clean ladle and pour into a clean cup or glass

Storing drinking water cup or glass

- Wash cup, glass after use with water and soap and put upside down on a clean tray, basin, or surface

Safe storage

- Keep drinking water container out of reach of children and animals
